LETTER TO THE EDITOR.

THE POOR LAW MEDICAL SERVICE
TO THE EDITOR OF THE IRISH TIMES,
Sir.—In face of the urgent need that exists
for the Poor Law Medical Service and
the dissatisfaction shown by the Boards
Guardians to help in increasing the numbers
Supplies, something requires to be done
immediately, as an ample supply of doctors is
not available to contemplate. This may
be due to the want of those who are
now who are risking their very lives.
The funds were dull, and on offer, Compt.
to War Dept., and War Loan 4 p.c. to 96.
In Corporation and Towns Stocks, to 96.
Bank of Ireland, 5 p.c. to 96. Royal Dublin
Stocks was at 97. Bank securities remain quiet.
The medical part of the Irish Poor Law
Insurance scheme at its time, and the National
Insurance scheme, it seems, too late to mention.
Yours, etc., F.L.G.

March 21st, 1916.

PLYMOUTH NAVAL BANK FRAUDS.**PARTNERS SENTENCED.**

At the Central Criminal Court yesterday the trial concluded, on the behalf of the dock, of Mackworth P. and F. Thomas Bullock, partners in the Naval Bank Plymouth, in charge of fraud arising out of the business in 1914.

After two hours and a half, during which they had retaken their direction from the judge, the returned a verdict of guilty against the two defendants.

The Judge, passing sentence, said it was most painful duty for him to pass any sentence on men honoured for many years past in the West of England. He took into consideration the fact that this case was in no sense one of personal greed, but rather a case in which they were only seeking to profit them for the purpose of putting more into their pockets, but rather a case in which both had the assurance when they joined that there was some scope of being restored to a solvent condition with later experience they must have known that their business was in carrying on the ordinary business of carrying on the business, inevitably, of branding of customers, who were depositing money and trusting them to carry on the business, with the knowledge of which, the one with the knowledge of the other, went recklessly gambling on Stock Exchange, making a desperate attempt to get rich quick, with the recommendation, and the fact that they suffered commercial and social degradation sentence each prisoner to six months' the second division.
